Standard IFI, DIN, ISO, JIS

### **Blueprint items consist of 95% of business**

Can provide Certifications, PPAPS, and other Quality Control Documentation

### A Direct Source with Zero Hassle Tolerance

- The direct method of placing your orders with our factory agent provides significant benefits and streamlines your purchasing efforts.
- All of the procurement hassles are eliminated. SA&R assumes the risks of accurate production and timely delivery.
- SA&R is proactive in its quoting efforts and will consult with you on any print accuracy and deviation matters.
- Manageable purchase quantities available with weekly/monthly releases per your schedules.
- Issue a purchase order for a single part or numerous parts.
- Our expediting system will allow us to continually update you on the status of your orders (e.g. manufacturing, in-transit ocean vessel or rail, warehouse)
- Quality control testing is performed during manufacturing and before delivery. Material certifications and test reports are available as well.
